

Green Tranquillity

WITH VERDANT SURROUNDINGS AND A CENTRAL LOCATION, THE RECENTLY COMPLETED **GOODWOOD GRAND BY TONG ENG GROUP** CELEBRATES BEING AT HOME WITH NATURE

Located in District 10, Goodwood Grand is surrounded by flourishing foliage; a showroom unit shares inspiring ways to decorate a Goodwood Grand home

When it comes to dream homes in Singapore, there are certain features bound to make the checklist: a prestigious location, lush greenery and stunning views. The recently completed Goodwood Grand scores top points in all of these areas.

LUSH ESCAPE

Located along Balmoral Road, the development by Feature (Balmoral)—a joint venture comprising Tong Eng Group, Tiong Seng Holdings and Clarus Corporation—is just minutes away from Orchard Road. This exclusive enclave overlooks the lush landscape of Goodwood Hill, an estate dotted with black-and-white colonial bungalows that imbue the location with a sense of heritage.

The variety of residential options is another winning factor. Choose from 65 apartments within a contemporary tower that offers unparalleled views of Goodwood Hill and the city in the distance, or one of the eight spacious multi-storey bungalows with copious spaces that families will appreciate.

The development is also fitted with luxurious facilities and tranquil landscaping. Highlights include a grand arrival courtyard and enviable amenities such as an infinity lap pool and a Sky Terrace on the 10th floor. A perfect blend of urban convenience and green living, Goodwood Grand is a dream garden residence that embraces living amongst greenery in the city.
